CORRY & CO.'S

AERATED WATERS.

International Exhibitions—
LONDON, PARIS,
SYDNEY.

International Exhibitions—
PHILADELPHIA,
BRUSSELS, MELBOURNE.

SINCE offering to the Public in 1850 these delicious and unrivalled Aerated Beverages, the sole and lasting aim to which Messrs CORRY & Co., Belfast, have directed all their efforts has been, not to force sales by venturesome and questionable efforts, but by the real fact of the superiority of the Beverages they offer to merit universal patronage. Judging from the world-wide favour, which they find yearly increasing, and the unprecedented success which has attended their efforts at all the Universal Exhibitions, or wherever they have competed, this aim (so far attained, and which their experience has proved to be a fundamental principle of success) will be steadily pursued.

Since 1850 many MERE IMITATORS have come and gone, and many still remain; but the Public are requested to insist on having CORRY'S WATERS, not imitations.

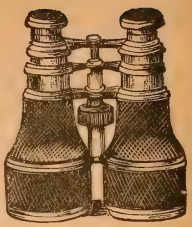

To be had at all the First-Class Hotels, Restaurants, and from Family Grocers, Wine Merchants, Chemists, also on board all First-Class River and Ocean-going Steamers.

* Inland letters, parcels, or other postal packets are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

2. A letter posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double the deficiency.

3. No letter may exceed 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government Office.

Newspapers.

1. The prepaid postage on every registered inland newspaper, whether posted singly or with others in a packet, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate than would be chargeable on a book packet of the same weight. For each transmission a fresh postage must be paid.

2. A newspaper or a packet of newspapers posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double the deficiency.

3. Any publication fulfilling certain conditions (which may be ascertained at any Post Office) can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper.

4. All publications not so registered are treated as book packets, and are subject to the rates and regulations of the book post.

5. Every newspaper should be so folded and covered (if posted in a cover) as to permit the title to be readily inspected.

6. Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends, and so that the same can easily be removed for the purpose of examination.

7. No newspaper and no cover of a newspaper may bear anything (not being part of the newspaper) except the names and addresses of the sender and the addressee, the title of the newspaper, and a reference to any page of, or place in, the newspaper to which the attention of the addressee is directed.

8. No unregistered publication and no article (not being part of the newspaper or a supplement thereto) may be posted in, or in the same cover with, the newspaper.

9. Any newspaper or packet of newspapers in the case of which any of the three last-mentioned rules is infringed is chargeable as a book packet, if admissible as such. If not admissible as such and under 8 oz. in weight, it is chargeable as a letter packet; if over 8 oz., it is transferred to the Parcel Post and charged a fine of 1d in addition to any deficient parcel postage.

10. A packet of newspapers must not weigh above 14 lbs., or exceed two feet in length, or one foot in width or depth.

Book Post.

1. The prepaid postage of a book packet is one halfpenny for every 2 oz. or part of 2 oz. If it be posted unpaid the charge is double that amount; if partly paid, double the deficiency.

2. The expression "book packet" means a packet which contains one or more of the following articles or documents, that is to say:—

(*a*) Any matter wholly printed on paper or some substance ordinarily used for printing.

(*b*) Books and other publications or works of a literary character, and any other written or printed matter not being in the nature of a letter (on paper or on some substance ordinarily used for writing or printing).

(*c*) Sketches, drawings, paintings, photographs, and engravings on paper or on some substance ordinarily used for the purpose, provided it is not a brittle or exceptionally fragile substance.

(*d*) Maps, plans, and charts on paper or some other substance ordinarily used for the purpose, provided it is not a brittle or exceptionally fragile substance.

(*e*) The binding or mounting of any article herein-before described, provided such binding or mounting be of a kind ordinarily used for the purpose, be not made of glass or any brittle or exceptionally fragile substance, and be transmitted in the same packet with the article in respect of which it is used.

The following documents, whether containing matter in the nature of a letter or not, provided they respectively conform to the following conditions :—

Description of Document.	Conditions.
(*f*) Invoices, orders for goods, credit notes, advice notes, way bills, bills of lading, receipts, statements of account, prices current, market reports.	That nothing shall appear in writing on the document save dates, the names and addresses of the parties, the particulars and prices of any goods, or the particulars of any sums of money to which the document relates, and the mode of consignment of any such goods or money. That any matter (other than aforesaid) which may be in the nature of a letter shall be wholly in print, and shall relate exclusively to the subject matter of the document, or the terms on which business is transacted by the person or firm from whom the document issues.
See also note under head (i).	
(*g*) Manuscript for press and printed proofs, with corrections and instructions.	That any written or printed matter not forming part of the document itself refer solely to the arrangement or correction of the type or the execution of the work.
(*h*) Examination papers, with corrections and instructions.	That any written or printed matter not forming part of the document itself refer solely to the questions put or the answers thereto.

(*i*) Circulars, that is, printed notices and letters, whether separate or on the same sheet of paper with any other document transmissible by Book Post.	That the circular may be corrected in writing. That the date of despatch and the name and address and description of the sender and the name of the addressee may be inserted in writing. That when the circular is a notice of meeting or appointment, the place, date, and hour, and, in the case of a notice of meeting, the objects of the meeting may be inserted in writing. That when the circular is a polling card, the name and address of the voter and his number on the register may be inserted in writing.

Any of the documents mentioned under the head (f) may be in the form of a letter, or may be incorporated with a circular letter as defined under the head (i), provided that nothing appears in writing except the particulars allowed to appear in writing in circulars (i), or in documents of class (f).

(*j*) Deeds, agreements, proposals and policies of assurance, powers of attorney, proxy papers, voting papers, certificates, licenses.	That nothing appear in the document in writing or print which does not form part of the document as a legal instrument.
(*k*) Notices, reports, returns, and certificates issued, made, or given by officers of a Court of Justice, or other public officers in the discharge of their duties, and returns or reports made to public officers or public bodies.	That the document consist of a printed form. That any written matter on such document consist merely of information or statements appropriate to the form and necessary to the completion of the document.

(*l*) Anything necessary or convenient for the safe transmission of any of the before-mentioned articles by post when transmitted in the same packet with the article in respect of which it is so used.

In the above definition—

Expressions referring to print or printing shall be taken to refer to any species of type-printing easy to recognise, and to include lithography, hand-stamping, or any mechanical process ordinarily used to produce a number of identical copies of written matter, and easy to recognise, but not to include type-writing or imitations thereof. [Circulars which are in other respects admissible, but which are printed or lithographed in characters resembling those of the typewriter, or are produced by means of the mimeograph or other mechanical process from typewritten originals, will nevertheless be admitted to the privilege of the Book rate provided that they are posted by being handed in at

the counter of some Head Post Office or District or Branch Post Office, and that at least *twenty copies* precisely identical are posted at the same time.]

Expressions referring to writing shall be taken to include typewriting or any mechanical or other process ordinarily used to produce a single document.

3. Book packets should be posted either without covers (in which case they must not be fastened in any way) or in unfastened envelopes or in covers which can be easily removed for the purposes of examination. If anything is written or printed on the inside of the covers, the covers must be left unfastened. It is not forbidden to tie the ends of a book packet with string, but the string should be easy to unfasten.*

4. No book packet may exceed 5 lbs. in weight, 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

5. A book packet, in the case of which either rule 2 or rule 3 is infringed, is chargeable, if under 8 oz. in weight, as a letter packet, and if over 8 oz. it is transferred to the Parcel Post and charged a fine of 1d, in addition to any deficient parcel postage. When rule 4 is infringed the packet is in all cases transferred to the Parcel Post.

6. When, owing to an unusually heavy influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with indiscriminately, book packets may be kept back till the next despatch or delivery.

POST CARDS.

1. Official Post Cards, impressed with a halfpenny stamp—double or reply Post Cards, impressed with a halfpenny stamp on each portion of them—and private Cards, impressed at the Office of Inland Revenue with halfpenny stamps—may be transmitted between places in the United Kingdom with letters printed or written upon the back.

2. The address, and the sender's name and address, but nothing else, may be written, printed, or otherwise impressed on the front (or stamped) side. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached, except adhesive stamps in payment of additional postage or stamp duty, and a gummed label (not to exceed 2 inches long and $\frac{3}{4}$ inch wide) bearing the address at which the card is to be delivered; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

3. When, owing to an unusually heavy influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with indiscriminately, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

The conditions on which private cards are impressed with a halfpenny stamp can be ascertained at the Office of Inland Revenue.

It will be seen from the foregoing rules that there is no legal way of

* In order to secure the return of book packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*, thus—"From ——, of ——."

sending a letter, other than a circular letter, through the post for a postage of a halfpenny, except by means of a Post Card.

It is sometimes supposed, because a Post Card may have a letter written or printed upon it, any card whatever, and even any piece of paper, if only it be open to inspection, may be sent through the post with a letter upon it for a postage of a halfpenny.

It is well, therefore, to explain for the guidance of the public—

1. That the letter-rate of postage must be prepaid for any communication of the nature of a letter, whether it be posted without a cover or in an envelope or in an open cover, unless a Post Card be used for the purpose, or unless the letter be a circular letter.
2. That cards having merely a halfpenny adhesive stamp affixed to them must not bear any communication of the nature of a letter, unless it be a circular letter.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post ; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office, but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on Post Cards.

INLAND PATTERN AND SAMPLE POST.

1. Trade Patterns and Samples of Merchandise may be sent between places in the United Kingdom at the following rates of postage :—

For a packet weighing not more than 4 oz., ... 1d.
For a packet weighing more than 4 oz. but not more than 6 oz., 1½d.
For a packet weighing more than 6 oz. but not more than 8 oz., 2d.

2. No packet may exceed 8 oz. in weight. The limits of dimensions are 12 in. by 8 in. by 4 in. If either of these conditions be infringed, the packet will not be forwarded, but will be returned to the sender.

3. If a packet be posted wholly unpaid, it will on delivery be chargeable with double postage ; a packet posted insufficiently paid will be chargeable with double the deficient postage.

4. The Post is intended for the transmission of *bonâ-fide Trade Patterns and Samples of Merchandise*, and packets may consist only of such Patterns and Samples, with or without any document which is admissible by Book Post. No article sent for sale, or in execution of an order (however small the quantity), or sent by one private individual to another, will under any circumstances be admissible ; and if any such packet be posted prepaid at the pattern-rate only, it will be charged with double the deficient postage, *at the letter rate*, together with a fine of 6d.

5. Patterns and Samples must be sent in wrappers (marked "Pattern Post" or "Sample Post") open at the ends or in unfastened envelopes, and must be so packed that they may, to the satisfaction of the Postmaster General or his Officers, be easily withdrawn for examination ; but samples of seeds, flour, drugs, and such-like articles, which cannot be sent in open wrappers or envelopes, may be enclosed in boxes (in such a way as to admit of easy examination) or in bags of linen or other material, tied at the neck. Closed bags, even if transparent, will not be allowed. In all cases where the requirements in regard to the mode

of enclosure are not complied with, the packet will be charged with double the deficient postage at the letter-rate.

6. It is obligatory that the name, trade, and address of the Trader or Firm by whom the Patterns and Samples are sent out be in all cases printed or conspicuously stamped on the outside of the wrapper, or on the label. If this rule be not complied with, the packet will be charged with double the deficient postage at the letter-rate.

7. *When returned to the Trader or Firm by whom they are originally sent*, Patterns will be allowed to pass at pattern-rates, if one of the following conditions be complied with :—

a. They may be returned in the original wrapper, the written address being carefully erased, and the words "Returned Patterns" or "Returned to," being prefixed to the printed or stamped address of the Trader, in large and legible characters.

b. Or a reversible wrapper may be used, having the Trader's name, address, and trade, and the heading "Returned Patterns" printed or stamped on the reverse side.

c. Or they may be returned in a fresh wrapper, bearing the printed or stamped address, &c., and heading above described.

8. A packet which contains any writing which would not be admissible by Book Post will be charged at the letter rate.

9. No glass bottle, or glass in any form, may be sent; no explosive, liquid, semi-liquid, or greasy matter, nor powders of any kind which may stain or do other damage; nor any living creature.

10. Patterns of scissors, knives, razors, and other sharp articles, must be so packed and guarded as to completely prevent injury to the other contents of the mail bags, or to the officers employed, but the packets must at the same time admit of easy examination. When these requirements are not complied with, the packet will be stopped.

11. When necessary for securing the due transmission, or delivery, of Letters, Patterns and Samples may be kept back for the succeeding despatch or delivery.

INLAND PARCEL POST.

1. Parcels, *not exceeding* 11 *lbs. in weight*, 3 *ft.* 6 *in. in length or* 6 *ft. in length and girth combined*, are received at any Post Office for transmission between places in the United Kingdom, under the conditions and regulations stated in the following paragraphs.

2. In order that a packet may be sent by Parcel Post, it must be handed in at a Post Office for transmission as a parcel, and should bear the words "Parcel Post," written conspicuously in the left-hand top corner. It is also very desirable that every parcel should bear the name and address of the sender on the cover, but in such a position as not to be mistaken for the address of the parcel. Parcels may also be accepted by Rural Postmen.

3. Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. No Parcel Post business is transacted on Sundays. There is no delivery of parcels on that day in any part of the United Kingdom, nor are parcels allowed to be accepted for transmission. On Christmas Day and Good Friday, in England and Ireland, and on Sacramental

Fast Days, or the Public Holidays substituted therefor by the Local Authorities in Scotland, there is one delivery of parcels, but parcels are not accepted for transmission.

4. The size allowed for an Inland Parcel is—

Greatest length, ... 3 ft. 6 in.
Greatest length and girth combined, . 6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e*, round its thickest part; or

A short parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible. Such a tape may conveniently be marked in one colour up to 3 ft. 6 in., and the remaining portion in another colour.

6. No packet can be accepted by an officer of the Department for transmission by Parcel Post unless the postage at the above rate is prepaid. As a rule prepayment should be made by means of postage stamps. *The sender must affix the stamps himself*, officers of the Department being strictly forbidden to affix them on his behalf.

Liquids, glass, china, crockery, eggs, fruit, fish, meat, butter, &c., which may not be sent by Letter Post, may be sent by Parcel Post, if packed with special care. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., must be put into bottles or cases securely stoppered. The edges or points of sharp instruments, like axes, razors, needles, forks, &c., must be carefully protected. Any parcel containing eggs, or fragile, or perishable contents, should be conspicuously marked "Eggs," or "Fragile—with care," or "Perishable."

The general regulation with regard to packing is that every parcel must be packed and enclosed in a reasonably strong case, wrapper or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, and to prevent any tampering therewith. The packing of a parcel must also be such as to protect other postal packets from being damaged in any way by it. Any parcel not so packed will, if tendered for transmission, be refused, and if discovered in transit, will be liable to be detained.

Compensation for the Loss or Damage of Inland Parcels.

The Postmaster-General is not legally liable to make good any claim arising out of the conveyance of a parcel sent by post, but he will accept liability under certain conditions.

If the parcel is registered, compensation will be given under the rules and regulations contained in full under the heading of "Registration and Compensation."

If the parcel is not registered, the Postmaster-General will accept liability up to £2 without payment of any fee beyond the postage, provided the conditions have been complied with.

REGISTRATION.

The fee for registering any postal packet (parcels included) passing by post between any two places in the United Kingdom is twopence, and this registration fee and the postage must be prepaid, except on official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

No articles addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

Every article to be registered must be enclosed in a strong cover, securely fastened, and given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d (less any amount prepaid for registration), instead of the ordinary fee of 2d.

The latest time for posting registered articles on payment of the ordinary fee is usually half an hour before the closing of the Letter Box; but articles bearing a late fee of fourpence, in addition to the ordinary registration fee, may be registered at any time within the half hour if the office is open to the public.

When several postal packets are sent by the same person for registration they should be accompanied by a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned to the bearer.

The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmission. If sent *unregistered*, valuable articles are exposed to risk; consequently, Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to compulsory registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage.

The compulsory registration referred to gives no title to compensation.

No Town Postman is allowed to take a postal packet to be registered; but Rural Postmen will take postal packets for registration on their outward and inward walks, whenever it is practicable for them to do so.

ACKNOWLEDGMENT OF DELIVERY OF REGISTERED POSTAL PACKETS.

The sender of an inland registered letter, parcel, or other registered postal packet, may obtain an acknowledgment of its due delivery to the addressee by paying in advance, at the time of posting, a fee of 2d in addition to the postage and registration fee. The sender must enter in the form provided for the purpose both his own name and address and the name and address of the person to whom the packet is sent, and he must also affix to the form a stamp of the value of 2d in payment of the fee.

INLAND REGISTRATION AND COMPENSATION.

The Postmaster-General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to certain rules (which may be seen at any Post Office), give compensation up to a maximum limit of £50 for the loss and damage of Inland Registered Postal Packets of all kinds upon prepayment of a fee in addition to the postage. This fee either consists of or includes in each case the ordinary registration fee of 2d; and the scale of fees, and the respective limits of compensation, are as follow:—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
2d.	£5.	7d.	£30.
3d.	£10.	8d.	£35.
4d.	£15.	9d.	£40.
5d.	£20.	10d.	£45.
6d.	£25.	11d.	£50.

paid by means of stamps affixed to the letter or parcel. When the distance exceeds two miles, at least one half of the amount payable in respect of fee and charge for special conveyance must be prepaid, and the deficiency, if any, will be demanded from the addressee.

(*d*) If one half of the amount so chargeable is not prepaid, the letter will not be delivered by special messenger, but will be treated as an ordinary Mail letter or Parcel.

Posting and Distinctive Marking.

Delivery (on Week Days).

By Messenger, during the hours in which the office of delivery is open for Telegraph business.

To Callers, whether by day or by night, when the Postal Staff is in attendance, if the letter or parcel arrive too early or too late for delivery by Special Messenger, or if it be addressed to the Post Office "To be called for."

On Sundays (Letters only).

By Special Messenger during the hours when the office of delivery is open for Telegraph business, or to callers for letters.

N.B.—In London there is no Express Delivery of Mail Letters on Sunday.

SPECIAL DELIVERY OF LETTERS, &C., IN ADVANCE OF THE ORDINARY DELIVERIES BY POSTMEN.

Persons or Firms who desire at any time to receive their letters, or other Postal Packets of any kind (including parcels, book and sample packets, newspapers, and circulars), in advance of the ordinary delivery, may have them delivered by Special Messenger on payment of the following fees, viz. :—

The full Express Fee of 3d a mile as for one packet, and 1d for every 10, or less number, of additional packets beyond the first.

Applications for such special delivery must be signed by the Person or Firm to which the Letters or Postal Packets in question are addressed. Forms of application may be obtained at any Post Office from which letters or parcels are delivered, and also from the more important Town Branch and Sub-Post Offices.

The applications should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the letters are ordinarily

delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any letter box in the district served from the Office. In the latter case the postage should be prepaid by means of a penny stamp affixed to the outside of the form. Care should be taken, however, that the application reaches the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to other deliveries during the day, an hour at least before the time at which the delivery by Postmen commences.

The Express Fee on at least one packet must be prepaid in stamps affixed to the application. All additional fees must be paid to the Special Messenger on delivery.

If no letters, &c., for the address given are found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

In cases where a regular delivery by Special Messenger is required, either on one or more days of the week, or of letters, &c., arriving by particular Inland or Foreign Mails, it will be sufficient if only one Form of Application, altered to meet the requirements, is filled up and left with the Postmaster. In such cases the whole of the charges will be collected on the delivery of the letters.

CONVEYANCE OF SINGLE POST LETTERS BY RAILWAY.

By an agreement with the Postmaster-General certain railway companies are permitted to accept and convey by the next available train or steamship single inland post letters, not exceeding 1 oz. in weight, either to be called for at the station of address, or to be transferred there to the nearest post office letter-box for delivery by postman. In addition to the postage of 1d, which must be prepaid by means of adhesive stamps, the companies are authorised to charge a fee of 2d per letter.

Letters intended for transmission by railway must be handed in at the passenger or parcel booking office of the company.

N.B.—Save in the case of a letter exempted from the exclusive privilege of the Postmaster-General no letter can legally be sent by railway otherwise than in Her Majesty's mails, or in the manner above described. Any person who sends or conveys or causes to be sent or conveyed otherwise than by the post a letter not so exempted, or any person who performs, otherwise than by the post, any services incidental to the conveying of letters from place to place, is liable by statute to heavy penalties.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

No indecent or obscene print, painting, photograph, lithograph, engraving, book, card, or any article having thereon, or on the cover thereof, any words, marks, or designs of an indecent, obscene, or grossly offensive character may be sent by Post at all, nor any explosive, dangerous, noxious, or deleterious substance, nor any filth, nor any sharp instrument not properly protected, nor any living creature, nor anything likely to injure the contents of the Mails, or any officer of the

Post Office. If any such postal packet be tendered for transmission it is refused, or, if detected in transit, it is detained. The contents of any such packet are liable to be dealt with in such manner as the Postmaster-General may direct, and the sender of it is liable to prosecution by the Department.

Liquids, glass, china, crockery, eggs, fruit, fish, meat, butter, &c., may not be sent by any Post but the Parcel Post, and, if so sent, must be packed with special care.

Any postal packet sent by Letter Post which cannot from the nature of its contents be transmitted thereby is, if admissible by Parcel Post, transferred to that Post, and treated and charged as a parcel posted out of course. If inadmissible by Parcel Post, the packet is liable to be detained and dealt with as the Postmaster-General may direct.

No postal packet may contain an enclosure addressed to a name and an address differing from the name and address borne on the cover of the packet. If any packet is observed to contain such enclosures, when tendered for transmission, it is refused, or, if detected in transit, each forbidden enclosure is liable to be taken out, and forwarded to the addressee thereof, charged with a separate rate of postage.

ADDRESSES AND PETITIONS TO QUEEN AND PARLIAMENT.

Petitions and Addresses forwarded to the Queen are exempt from postage. Members of either House of Parliament may also receive by post Petitions and Addresses to Her Majesty, and Petitions addressed to either House of Parliament, not exceeding 2 lbs. in weight, exempt from postage, provided such petitions and addresses be sent without covers, or in covers open at the ends.

PARLIAMENTARY PROCEEDINGS.

Printed Votes, or Proceedings of the Imperial Parliament, in open covers, having the words "Parliamentary Proceedings" written or printed thereon, are allowed to exceed the limits of size and weight prescribed for book packets; and, even if wholly or partly unpaid, they are liable only to the prepaid book rate of ½d for every 2 ozs.

RE-DIRECTION.

1. No charge is made for the re-direction of letters (including registered letters) whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters are reposted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened.

2. Re-directed letters which are reposted later than the day after delivery, will be liable to charge at the prepaid rate. Any which appear to have been opened will be chargeable as freshly posted unpaid letters.

3. Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter at the second address.

4. Post cards, book packets, sample packets, newspapers, and parcels are, when re-directed, liable to additional postage at the prepaid

rate for each re-direction. But re-directed parcels are not subjected to additional postage if the original and corrected addresses are both within a delivery from the same Post Office.

5. If any registered letter or packet, when re-directed, instead of being taken back to the Post Office to be dealt with as registered, is dropped into the letter box as an ordinary letter or packet (the word "registered" not having been erased, or having been erased in pencil only), it becomes liable to the same treatment as any other letter or packet which is marked registered and found in the letter box; and must be surcharged with a registration fee of 8d, minus the value of any stamps already affixed for the registration.

6. *Notices of Removal and Applications for Letters to be re-directed*, must in all cases be duly signed by the persons to whom the letters are addressed. Printed forms can be obtained from the local Postmaster, and in London at any District or Branch Office, or from the Postman of the walk; and, when filled up and signed, they should be given to the Postmaster, or to the Postman; but it is desirable, for the prevention of mistakes, that persons who are about to change their residence should inform their correspondents beforehand of their intention, so that their letters may be directed in the first instance to their new address. If it is desired that only letters should be re-directed, it must be so stated on the form; a separate notice should be filled up if it is desired that parcels may be re-directed.

7. The Post Office does not undertake the re-direction of letters, &c., for a person temporarily leaving home, unless the house be left uninhabited, or of letters, &c., addressed to Hotels, Boarding-Houses, or Lodgings.

DELIVERY.

Postmen are prohibited, whether on duty or not, from distributing any letters, newspapers, parcels, &c., except such as have passed through the Post.

*No person living within an official delivery, unless he rent a private box, can have his letters, &c., or parcels delivered at the office window if a delivery by Postman or a despatch by messenger is about to take place; but letters, &c., or parcels which arrive by a mail after which there is no immediate delivery by Postman, may be obtained by any person on application at the office window, so long as the office is open for delivery.

When letters, &c., or parcels, directed to a Post Office for persons who reside within an official delivery, but who have no private box, arrive by a mail for which there is a delivery from house to house, a Postmaster may refuse to deliver them at the window, and may send them out by the Postmen; except such as are addressed to the military in barracks.

* All letters, &c., must be delivered as addressed; but, by payment of a fee of £1 1s a year, Firms or persons can have letters addressed to their offices delivered at their private address, and *vice versa*, provided that both addresses are served from the same delivery office. By paying 5s a year any person may obtain his registered letters at the Post Office, even although he does not rent a Private Box.

Miscellaneous Regulations and Suggestions.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the damage, non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet, and liability for actual loss or damage is accepted only in the case of parcels and registered packets.

Postal packets which are likely to suffer from great pressure should be placed in strong covers.

No information can be given respecting letters or any other postal packets except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public. A Postmaster may, however, give an address if he has no reason to believe that the person whose address it is would disapprove of his doing so.

Postmasters are not allowed to return any letter, parcel, or other postal packet to the writer or sender, or to anyone else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Postmasters are not bound to give change nor are they authorised to demand it; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

When a person to whom a letter has been delivered has reason to think that it has been improperly charged as overweight, the letter should be taken to a Post Office to be weighed before being opened. Unless this course is followed, no question as to the correctness of the surcharge can afterwards be entertained.

Postmasters are not bound to weigh for the public, letters, books, packets, or newspapers, brought for the post, but they *may* do so, if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

If any postal packet be forwarded under cover to any Postmaster with a request that he will re-post it at his office, the postal packet, on being re-posted, will be endorsed with the words "posted at ———, under cover, to the Postmaster of ———."

Neither money nor any other article of considerable value ought to be sent by post, except by means of a Money or Postal Order, or in a registered letter. Any person who sends money or jewellery otherwise, not only runs a risk of losing his property without compensation, but exposes to temptation every one through whose hands the postal packet passes.

Whenever bank notes are sent by post, even in registered letters, they should be cut in halves, and the second halves should not be posted till it has been ascertained that the first halves have been received; and further, in order to afford the means of identification, a memorandum should always be made of the number of each bank note.

Decorations and devices (in other words advertisements) are only allowed on the outside of envelopes passing through the post when they cover no more than the left-hand half, leaving the right-hand half, the place for the postage stamp and address, quite clear.

Payment of postage cannot be made by means of stamps which have been torn, cut, or otherwise rendered imperfect; or of embossed, or impressed, stamps cut out from envelopes, &c., even although the stamps have not been previously used.

Postmasters of Money Order Offices are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged) at a charge of 2½ per cent.; the charge, however, never being less than one halfpenny. Single or perforated stamps cannot be purchased.

FOREIGN AND COLONIAL PARCEL POST.

General Regulations.

For maximum weight, *see* Table of Rates of Postage.

The maximum dimensions for most Colonial Parcels are the same as for the Inland Parcel Post ; for Canada, length 2 feet, breadth or depth, 1 foot ; for Foreign Parcels generally, length 2 feet, length and girth combined, 4 feet ; for France, Germany, Austria, Belgium, Denmark, Holland, Norway, Portugal by sea, Switzerland, and Sweden, 2 feet in any direction.

The rules as to the prepayment of postage ; as to the method of address ; as to the method of posting ; and as to certificates of posting, are identical with the rules for Inland parcels, with the exceptions that the postage upon Foreign or Colonial parcels cannot be prepaid in money, and that Rural Postmen are not allowed to accept Foreign or Colonial parcels.

Parcels are liable to Customs regulations, and the sender of each parcel is required to make for Customs purposes—upon a special form or forms provided for the purpose, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents, the date of posting, and other particulars. The net weight of the various articles contained in a parcel should, if possible, be stated, and any other particulars which would facilitate the assessment of Customs duty.

All parcels are liable to be opened for Customs examination, and their contents are subject to Customs duty, according to the laws of the Country or Colony of destination. Such duty cannot be prepaid, but is in each case collected from the addresses on delivery. In most Foreign Countries and British Colonies, the articles which are not subject to Customs duty on importation are comparatively few. The Post Office can give no information as to the Customs tariff or procedure of particular countries, nor does it accept any responsibility for loss, delay, or charges arising from the Customs or sanitary regulations to which the contents of parcels are liable.

The Postmaster-General will—not in consequence of any legal liability, but voluntarily, and as an act of grace—give compensation for the loss or damage of uninsured parcels sent by Parcel Post when such loss or damage takes place while the parcels are under his custody.

In pursuance of arrangements made between the Postmaster-General and the Colonial Post Offices, parcels addressed to the undermentioned British Colonies and Possessions are accepted for Insurance at any Post Office in the United Kingdom, and parcels addressed to the United Kingdom are similarly accepted for Insurance in those places:—Aden, Antigua, Ascension, Bahamas, Barbados, British Guiana, British North Borneo (as far as Sandakan), Ceylon, Cyprus, Dominica, Falkland Islands, Gambia, Gibraltar, Grenada, Hong Kong, India, Labuan, Montserrat, Nevis, Newfoundland, St. Helena, St. Kitts, St. Lucia, St. Vincent, Straits Settlements (Malacca, Penang, Province of Wellesley), and Singapore only), Tobago, Tortola, Trinidad, Zanzibar.

Parcels for the undermentioned Foreign Countries can also now be insured :—Austria-Hungary, Belgium, Cameroons, Denmark, Egypt (via Gibraltar), Germany, Holland, Italy (via Belgium), Montenegro, Norway, Roumania, Sweden, Switzerland (via Belgium).

The fee for insurance, as well as the postage, must be prepaid ; and no parcel can be insured for more than £50.

There is at present no system of insurance for parcels exchanged with any Foreign Country or with any British Possession except those mentioned in the foregoing tables.

Insured Parcels should be sealed by the senders.

The rules as to Inland registered parcels apply generally to Colonial and Foreign insured parcels.

MONEY ORDERS AND POSTAL ORDERS.

N.B.—There are three ways in which money can be sent to any part of the United Kingdom through the Post Office :—

1. By Money Orders.
2. By Postal Orders.
3. By Registered Letter Envelopes.

MONEY ORDERS (INLAND).

1. When applying for Money Orders, whether Inland, Foreign, or Colonial, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The Commission on Inland Money Orders is :—

For sums not exceeding	£1	. . . . .			2d.
,, exceeding	£1	and not exceeding	£2	. .	3d.
,, ,,	£2	,,	£4	. .	4d.
,, ,,	£4	,,	£7	. .	5d.
,, ,,	£7	,,	£10	. .	6d.

No order may contain a fractional part of a penny.

The person who purchases a Money Order must give his name and address, the name of the person to whom he wishes the money to be paid, and the office at which it is to be paid.

In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name, must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct, at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm is sufficient.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was not originally so restricted.

An Order once issued cannot be cancelled. Should repayment or transfer to a different office be required, the remitter or payee must make application at the nearest Money Order Office for the necessary form to effect such.

The remitter of an order has full control over the money until payment has actually been made by the Department. The remitter may make his Order payable ten days after date, provided that, when he obtains the order, he affix thereto in the presence of the Postmaster, in the space after the request C., a penny adhesive stamp, and write his signature across the stamp.

Money Orders do not require a receipt stamp.

Payment of an Order cannot under any circumstances be made on the day of issue.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

Telegraph Money Orders (Inland).

Money may be transmitted by Telegraph Money Order between all Post Offices in the United Kingdom authorised to transact Telegraph and Money Order business ; and payment of the Order can be obtained between the hours during which such offices are open for the transaction of general Postal business. At those offices, however, which forward but do not deliver Telegrams, Telegraph Money Orders can be issued, but cannot be paid.

The Commission is—

								s.	d.
For sums not exceeding £1,	.	.	.	.	.			0	4
,, above £1 and not exceeding £2,	.	.						0	6
,, ,, 2	,,	4,	.	.				0	8
,, ,, 4	,,	7,	.	.				0	10
,, ,, 7	,,	10,	.	.				1	0

In addition to the commission a charge is made at the ordinary Inland rate for the official telegram authorising payment at the office of payment, and for the repetition thereof, the minimum being 9d. The telegraph charges only cover the cost of transmitting the official telegram of advice to the Postmaster of the office of payment and its repetition. Any telegraphic communication which the remitter may wish to despatch to the payee must be paid for at the ordinary inland rate, the minimum being 6d.

POSTAL ORDERS.

1. Postal Orders, for certain fixed sums from 1s up to £1, are now issued at all Money Order Offices in the United Kingdom, at the British Post Office at Constantinople, and in Malta, Gibraltar, India, Straits Settlements, Hong Kong, and Newfoundland. Such Postal Orders are paid at all Money Order Offices in the United Kingdom, and at the British Post Office, Constantinople. Payment is also made in Malta and Gibraltar, provided the Orders were issued in the United Kingdom or at the British Post Office, Constantinople.

2. The following are the amounts for which Postal Orders are issued, together with the Poundage payable in respect of each Order :—

Amount of Order.	Poundage.	Amount of Order.	Poundage.
s. d.	d.	s. d.	d.
1 0	½	4 6	1
1 6	½	5 0	1
2 0	1	7 6	1
2 6	1	10 0	1
3 0	1	10 6	1
3 6	1	15 0	1½
4 0	1	20 0	1½

Broken amounts, not being fractions of a penny, may be made up by the use of British postage stamps, not exceeding fivepence in value, affixed to the face of any one Postal Order. Perforated stamps cannot be accepted for this purpose.

3. The person to whom a Postal Order is issued *must*, before parting with it, fill in the name of the person to whom the amount is to be paid, and *may* fill in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Money Order Office, if that has not been already done.

4. Every person to whom a Postal Order is issued should keep a record of the number, date, and name of office of issue to facilitate enquiry if the Order should be lost.

5. In case of the miscarriage or loss of any Postal Order, unless proof can be given to the satisfaction of the Postmaster General that the name of the payee was inserted in such Order before the holder parted with the same, and unless the number of such Order can be furnished, the Postmaster General cannot undertake to trace such Order with a view to accounting for the miscarriage or loss thereof.

6. If a Postal Order be crossed, payment will only be made through a banker, and if the name of a banker is added, payment will only be made through that banker.

7. No Postal Order will be paid, even though presented for payment by a banker, unless the name of the payee be inserted in the body of the Order.

8. The holder of a Postal Order may, in writing, on the face thereof, direct that payment be deferred for any period not exceeding 10 days ; but in such case the name of some Money Order Office at which the Order shall be paid must be inserted in the body. Payment of the Order will then not be made until the period specified by the holder has elapsed.

9. A Postal Order presented by, or through, a banker for payment will not (in the absence of an express arrangement between such banker and the Postmaster-General to the contrary) be paid until after such Order has been examined at the Chief Office in London.

10. After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

11. If any erasure or alteration be made, or if the Order is cut, defaced, or mutilated, payment may be refused.

12. The regulations under which Postal Orders are issued allow the Postmaster to delay or refuse the payment of an Order, but he must at once report his reason for so doing to the Postmaster-General. He may also require the person presenting the Order to sign his name on the Order before its payment, although the receipt has been already signed.

13. After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a commission equal to the amount of the original poundage, with the addition (if more than three months have elapsed since the said expiration) of the amount of the original poundage for every further period of three months which has so elapsed, and for every portion of any such period of three months over and above every complete period.

14. The commission thus paid must be affixed in Postage Stamps to the back of the Order.

POST OFFICE SAVINGS BANK.

1. Every Postal Savings Bank Office is open for the receipt of deposits on week-days during the hours appointed for the sale of stamps, commencing at 8 a.m. Every such Office is also open for the payment of withdrawals on week-days during certain hours, which are specified in a notice exhibited at the Office.

2. At these Offices ordinary deposits of one shilling, or any number of shillings, will be received, to the extent of £50 in one year ending 31st December, and £200 in all, inclusive of interest. Subject to the limit of £200, a depositor may, besides depositing £50 in the year, deposit in any year ending 31st December, one sum or several sums for the purpose of replacing in whole or in part the amount of any one withdrawal previously made in the same year. In addition, deposits will be received for immediate investment in Government Stock, and in connection with Government Insurance and Annuities. Cheques are accepted as Savings Bank deposits.

3. Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

4. On opening an account a person must state his Christian name or names and surname, occupation, and residence. He must also sign a declaration to the effect that he takes no benefit from any other account in the Post Office Savings Bank or in a Trustee Savings Bank (unless it be as personal representative of a deceased depositor or as member of a Friendly Society). This declaration must be witnessed by

the officer receiving the deposit, or some person known to him, or some other officer of the Post Office, a Minister of any religious denomination, a Justice of the Peace, or a Commissioner to administer Oaths. If such declaration or any part thereof is not true, the deposits will be liable to forfeiture. It is not necessary that a person desiring to become a depositor should attend at some Postal Savings Bank Office for the purpose of opening an account, as the declaration, when duly signed, can be presented at the Office on his behalf by another person, together with the money to be deposited.

5. Every deposit must be entered at the time in the depositor's book by the Postmaster or other person receiving it, who must affix to the entry his signature and the stamp of his office. A depositor should carefully examine his book before leaving the office to ascertain that the entry is correct, and he should keep his book in his own possession.

6. In addition to the receipt in the book, the depositor will receive an acknowledgment by post from the Savings Bank Department in London, and this should reach him within six clear days, and agree with the entry in his book. *If desired, an acknowledgment can be addressed to any Post Office to be called for, and it will be retained at the Post Office a month.*

7. Interest at the rate of £2 10s per cent. per annum (which is at the rate of sixpence a year, or one halfpenny a calendar month, for each complete pound) is allowed until the sum due to a depositor amounts to £200. When the balance due in an ordinary account, inclusive of accumulated interest and dividends, exceeds £200, interest is allowed on £200 only. The calculation of interest is made from the first day of the calendar month next following the day on which a pound has been deposited, or completed, up to the last day of the calendar month preceding the day on which a warrant for repayment is issued; and after each 31st December the interest is added to the principal.

8. Once in each year, *on the anniversary of the day on which his first deposit was made*, the depositor should forward his book to the Controller of the Savings Bank Department, in order that it may be compared with the books of the Department, and that the interest to the previous 31st December may be inserted in it.

9. An envelope for the transmission of the book can be obtained at any Postal Savings Bank Office on satisfying the Postmaster that the proper time for forwarding the book has arrived.

10. A depositor in the Post Office Savings Bank may add to his deposits at, and withdraw the whole or any part of them from, any Postal Savings Bank Office without change of Deposit Book.

Withdrawals by Telegraph.

A Depositor who wishes to obtain immediate payment of any amount not exceeding £10 standing to his credit, can apply at any Savings Bank Office at which payment by Telegraph is made, when, upon production of the Deposit Book showing that the sum required is standing to his credit, and on his filling up the usual notice of withdrawal and paying the cost of the telegram to the Chief Office and of the reply, the Postmaster will ascertain by Telegraph whether the amount applied for on the notice may be paid.

On the receipt of the reply, and on the applicant satisfying the Postmaster that he is the person entitled to the amount, the withdrawal will

be entered in the Deposit Book by the Postmaster, a receipt will be taken in the prescribed form, and the amount will be paid.

Not more than £10 can be paid to a Depositor in one day under this arrangement.

Government Stock.

1. At any Post Office at which there is a Savings Bank, a person who wishes to invest any sum from 1s upwards in Government Stock can do so at the current price of the day. If he wishes to buy any amount not exceeding £25 he is charged a commission of 9d. The charge for amounts exceeding £25 and not exceeding £50 is 1s 3d; exceeding £50 and not exceeding £75 is 1s 9d; and exceeding £75 and not exceeding £100 is 2s 3d.

Interest paid on Stock.

2. Interest is paid on Stock so purchased each three months. Thus, on £20 of two and three quarters per cent. Stock the interest paid each three months would be 2s 9d. Such interest is received for the depositor by the Post Office free of charge and placed to the depositor's credit as it becomes due; it thus becomes an ordinary deposit, and can be dealt with as such.

As to Sale of Stock.

3. If a person wishes to sell any of the Stock which he has bought he can always do so at the current price of the day, and he will be charged the same commission for selling as for buying.

Limits of Amount of Stock that may be Bought.

4. The amount of Government Stock which any one person can buy in a year must not exceed £200, and the whole amount which he can hold in such Stock must not exceed £500.

The Amount of Stock which may be Bought is in addition to ordinary Savings Bank Deposits.

5. Although when a person has £200 deposited in the Post Office Savings Bank, including interest, he cannot invest his further savings in the Bank, he can allow the £200 to stay there, and instruct the Post Office to buy Government Stock for any amount not exceeding £200 in any one year with his further savings, and he can continue doing this until he has purchased £500 of Stock. The total amount which he can save in the Post Office Savings Bank as ordinary deposits and in Government Stock is £700.

Government Insurances and Annuities.

Limits of Amount of Insurance.

1. Any man or woman whose age is not less than 14 years or more than 65 can effect a Life Insurance for any sum not less than £5 or more than £100.

Husband and Wife.

2. Husband and wife may each be insured to the full amount of £100.

Payments may be made in a Lump Sum or Annually.

3. Insurances may be effected by the payment of a lump sum once for all, or by the payment of annual premiums. The amount to be paid will depend on the amount insured, and on the age of the person insuring.

How Insurances may be effected.

4. An insurance may be effected on the life of a man or woman, payable—

(1.) At death,

(2.) On the attainment of the age of 60, or sooner if death occurs before that age is reached, and

(3.) On the expiration of 10, 15, 20, 25, 30, 35, or 40 years, or sooner in the event of death.

The following examples show various ways in which Insurances may be effected :—

The life of a male or female between 21 and 22 years of age may be insured for £10—

	£	s.	d.
By an annual payment throughout life of . .	0	4	4
or		(1d a week.)	
By an annual payment to the age of 60 of . .	0	4	8
or			
By a single payment of	4	4	0

Forms of proposal for the insurance of lives and information as to filling them up, may be obtained at any Post Office Savings Bank, where also the whole of the tables of the premiums to be charged may be seen or purchased.

ANNUITIES.

Annuities can be Bought at any Post Office Savings Bank.

1. Immediate Annuities or Old Age Pay (Deferred Annuities) can be bought at any Post Office Savings Bank, provided that the person on whose life the Annuity is to depend is not less than five years of age.

Husband and Wife.

2. Husband and wife may each purchase an Annuity not exceeding £100.

IMMEDIATE ANNUITIES.

1. By the payment of a lump sum an Annuity not exceeding £100 or less than £1 can be secured for life. The sums payable for Immediate Annuities of course vary with the age and sex of the person on whose life the Annuity is to depend.

Examples.

1. A man 30 years of age may secure an Annuity of £10 (equal to about 3s 10d a week) by the payment of a lump sum of £204 10s 10d ; and if he is 50 years of age by the payment of £149 19s 2d.
2. A woman's expectation of life is better than a man's, and therefore at the age of 30 she would have to pay for a £10 Annuity £225 16s 8d, and at the age of 50 £165 17s 6d.
3. A male aged 65 can purchase an Immediate Annuity of £1, payable half-yearly, for £9 13s 4d.
4. A female aged 45 can purchase an Immediate Annuity of £1, payable half-yearly, for £18 6s 9d.
5. A female aged 25 can purchase an Immediate Annuity of £1, payable half-yearly, for £23 15s 0d.
6. An Immediate Annuity of £1 can be purchased for a child of the male sex aged 5 years for £25 19s.

Advantages of the Post Office System of Old Age Pay (Annuities) and Life Insurance.

Government Security.

1. Annuitants and Insurants have *direct Government security* for the payment of the money at the proper time.

Cost of Certificate of Birth may be avoided.

2. The cost of a Certificate of Birth may be avoided by furnishing a statement giving such particulars of age as can be verified by the Registrar-General for England.

Nominations.

3. In the case of Insurances the Insurant, if not under 16 years of age, may nominate a person to whom the money due at death is to be paid, and by this means the amount of Insurance can be obtained by the representative directly after the death of the insured, without incurring the loss of time, trouble, and expense involved in proving a will or taking out letters of administration.

No Medical Examination required for Insurance of less than £25.

4. Insurances for sums not exceeding £25 are granted without medical examination under certain conditions.

As to Surrender Value.

5. If an Insurant after having paid two annual payments cannot continue to pay his annual premiums on his Life Insurance, the amount he has paid is not confiscated, but the surrender value of the policy is returned, or a paid-up policy will be granted to him.

Full information as to Post Office Annuities and Life Insurance, together with tables of the premiums, will be found in the Post Office Guide, and may also be obtained on application at any Post Office Savings Bank, or to the Controller of the Savings Bank Department, General Post Office, London.

POST OFFICE TELEGRAPHS.

Inland Telegrams.

1. The charge is 6d for the first 12 words, and ½d for each additional word. Addresses are charged for.

2. The amount covers the cost of delivery within the town postal delivery of the terminal office, if a Head Post Office; otherwise the message is delivered free within the limit of one mile only. When the terminal office, being a sub-office, is closed, exemption from porterage is allowed for one mile only if the telegram is delivered from the Head Office.

3. When the addressee resides beyond the free delivery, porterage is charged at the rate of 6d per mile or part of a mile for any distance under three miles from the terminal office; the charge being calculated from the boundary of the free delivery.

4. Beyond three miles mounted messengers may be hired at the rate of 1s a mile (in Ireland generally 8d a mile), the distance being calculated from the office door.

5. The sender is responsible for all charges incurred for delivery, and must, when practicable, state the distance and pay the charge in advance. When the exact distance is not known, a deposit must be paid.

6. Should the sender have understated the distance, the deficiency is charged on delivery, but if he has paid too much, the excess is refunded.

7. Telegrams to be forwarded by post or by train from the terminal office must bear the words "by post" or "by train" at the end of the address, these words being charged for, and in the latter case (if the actual cost is not known) a deposit of 1s is taken to cover the cost of conveyance.

8. A deposit of 3s is required upon all telegrams addressed to persons on board ship (unless the ship be lying alongside a wharf, jetty, or pier) to cover the cost of delivery.

9. The sender should prepay an extra half rate on all important telegrams to secure their repetition from office to office, thus diminishing the risk of error.

10. The receiver of a telegram may have it repeated by depositing half the amount paid for its transmission to him. The money will be refunded if the telegram has been inaccurately transmitted.

11. The cost of a reply, not exceeding forty-eight words in length, may be prepaid.

12. Telegrams re-directed to a second address are liable to an additional charge.

13. Copies of a telegram directed to more than one person in the same free delivery are delivered at an additional charge of twopence per copy. Each London Postal District is regarded, for this purpose, as forming a separate delivery.

14. Telegrams may be handed to Rural Postmen on their way to Telegraph Offices. Telegrams posted in any official letter-box will be sent by the next collection of letters to the Telegraph Office to which the letters are taken, and thence transmitted by wire, free of extra charge, provided they bear postage stamps sufficient to pay for transmission. Such telegrams should be legibly addressed "Telegram, Immediate."

15. Telegrams so posted insufficiently prepaid are forwarded to their destination, and the difference of charge is obtained from the addressee; but unpaid telegrams are not forwarded.

16. Telegrams may be sent before and after the usual office hours—provided the Delivering Office is open - on payment of a fee—usually 1s 6d. Entrance to Post Office by east door.

The fee is only charged on one telegram if more telegrams than one are handed in together by the same person.

17. Offices may be kept open after hours, by prior arrangement, on payment of certain fees.

18. Telegraph Offices (with the exception of Receiving Offices in London and other large towns) are, as a rule, open from 8 a.m. to 8 p.m. on week days. On Sundays the hours of attendance are usually from 8 a.m. to 10 a.m. in England, and from 9 a.m. to 10 a.m. in Scotland and Ireland. Certain offices are open longer, and information as to the hours at those offices can be obtained at any Telegraph Office.

19. Telegrams written in Latin or in any European language are charged for according to the number of words they contain; but all unintelligible words not forming part of Latin or of any European language are charged for at the rate of five letters to a word.

20. No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, such as "sub-lieutenant," "alms-houses," "twopence," &c.

All names of head offices and sub-offices are counted as one word, thus Port-Glasgow and Wemyss Bay are chargeable as single words; but all other names are counted according to the number of words they contain, thus James Watt Dock counts as three words. As exceptions, O'Neil, Macdonald, and De La Rue are counted as one word each. So also are names with the prefix St., but double names of persons (like Shaw Stewart), although written with a hyphen, are counted as two words.

21. The abbreviations can't, won't, don't, and shan't are counted as one word; but there is a great risk of error.

22. Figures count at the rate of five to a word. In fractions one figure is added for the mark of division between the numerator and denominator. In groups of figures a full stop, a bar of division, or oblique stroke is counted as a figure. In ordinal numbers, such as 1st, 3rd, the affix is counted as a separate word, as also a letter following a figure or group of figures.

23. The initial letters denoting the several London Postal Districts are counted as one word for each group; but other initial letters are counted as one word each.

24. When the sender desires words to be underlined, or placed in a parenthesis, or within inverted commas, two extra words are charged for.

25. Special instructions, such as "private," "confidential," "to be opened at once," or the like, written at the sender's request on the envelope of a message, are charged for as part of the message.

26. The sender may have his telegram cancelled, and if done before the commencement of transmission the sum paid will be returned, on application being made to the Secretary, General Post Office, within three months.

27. Telegrams addressed to a Telegraph Office to be called for are kept for two clear days; but telegrams for vessels not in port are kept for two months.

28. Telegrams requesting the re-direction of letters, telegrams, &c., must be paid for at the ordinary rate of charge, and must in all cases bear the sender's signature.

29. Telegrams indecently worded, or appearing to contain matter of a libellous or grossly offensive character, will not be transmitted.

30. The Department is not liable for losses incurred through the incorrect transmission, delay, or non delivery of telegrams.

Press telegrams—information respecting may be obtained on application to the Secretary, General Post Office, London, E.C.

Foreign Telegrams.

(Chief Regulations founded upon the International Telegraph Convention.)

1.* Foreign telegrams are divided into three classes—ordinary, code, and cypher.

* The rates may be ascertained at any Post Office or from the Post Office Guide.

2. In code telegrams, only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin are allowed ; but all of these languages may be used in one telegram. Proper names are not allowed in the text of code telegrams, except in their natural sense. Words of more than 10 letters are not allowed unless paid for as cypher.

3. Cypher telegrams must be composed exclusively of figures or exclusively of letters. Cypher telegrams written in letters are not accepted for places not in Europe or North America. Five letters or figures count as one word in the case of European telegrams, and three in the case of Extra-European telegrams.

4. The address of the receiver must be paid for, and must not consist of less than two words, a name and a town.

5. The address of the sender is charged for if transmitted ; in any case it must be written at the foot of the form.

6. In ordinary European telegrams the length allowed for a single word is 15 letters, in Extra-European telegrams 10 letters ; additional letters being charged for at the rate of 15 or 10 letters respectively to the word.

7. Subject to the limit imposed by Rule 6, compound words and names of persons, places, ships, &c., written without break are counted as single words. If joined by a hyphen, or separated by an apostrophe, or other sign of punctuation, they are counted as so many separate words. In the address of a telegram the names of the place and country for which the telegram is intended are counted as single words, whatever their length.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or words incorrectly joined together, contrary to the usage of the language, cannot be accepted as single words.

8. Every separate letter or figure is charged for as one word, and in European telegrams every group of five figures or letters is counted as one word, larger groups being counted at the rate of five figures or letters to a word, plus one word for any excess. In Extra-European telegrams, groups of figures (or letters when these are trade marks) are counted at the rate of three to a word, plus one word for any excess. Bars of division, decimal points, and stops used in numbers are counted as figures, and also letters added to figures to form ordinal numbers.

9. Addresses should be written in French or in the language of the country to which the telegrams are to be sent ; and the full address of the addressee should be stated : the sender is held responsible for an incorrect or insufficient address. Corrections in the address can only be made by means of a fresh telegram, which must be paid for at the ordinary rate.

10. The sender of a telegram can prepay a reply. If the reply is to contain 10 words, the indication "RP" is inserted and charged for as one word ; if it is to consist of more or less than 10 words, the words "RP ——" are inserted and charged for as two words. More than 30 words cannot be prepaid.

The amount prepaid for a reply to a European telegram will in no case be refunded ; but if no reply be sent in the case of an Extra-European telegram, the amount will be refunded to the sender, provided that application is made by the addressee and the reply form returned to the telegraph administration of the country which delivered the

telegram within six weeks. No allowance is made if the charge for the reply is less than the amount prepaid.

11. The sender can have his telegram repeated from office to office throughout the whole course of its transmission by paying an additional quarter rate, plus the charge for an additional word, the expression "T. C." being inserted immediately before the receiver's address.

12. On payment of a charge equal to the inland rate, the sender can have the telegram repeated between the office of origin and the office in Great Britain at which it is handed over to the Cable Company.

13. The sender may have a notice of the time at which his telegram was delivered transmitted to him by telegram on payment of an additional rate for 10 words, plus the charge for one additional word, the expression "C. R." being inserted before the receiver's address.

14. The receiver of a telegram can, by applying within 72 hours after its delivery, obtain the correction of passages which are doubtful, by paying for two separate telegrams, viz. :—One requesting the repetition, and the other consisting of the reply, plus one word for the name of the addressee.

The amount is refunded on application to the Secretary, G.P.O., if the telegram has been inaccurately transmitted.

If the repetition shows that only a portion of the telegram was inaccurately transmitted, a proportionate part of the amount paid for repetition will be refunded.

15. The receiver of a telegram addressed to a place in the United Kingdom may have it repeated from the office of the Cable Co. by paying the ordinary inland rate for the part of the telegram which he wishes to be repeated; and if it be found that an error has taken place the amount so paid will be refunded.

16. In telegrams to be left until called for at Telegraph Offices or at Post Offices, the words "Telegraphe Restant" or "Post Restante" must be inserted as part of the receiver's address.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d must be prepaid for every extra copy to be delivered if the number of chargeable words does not exceed 100; an additional sum of 5d being charged for every additional 100 words or part of 100 words.

In calculating the charge all the names and addresses are included.

Telegrams having multiple addresses are not accepted for America.

17. Under no circumstances is the charge for an unrepeated telegram, which has been inaccurately transmitted, refunded. The cost of a repeated telegram which has been inaccurately transmitted is returned when it is shown that the telegram was rendered useless thereby.

The cost of telegrams which have failed to reach their destination owing to some error on the part of the telegraph service, and the cost of telegrams which have been delayed beyond two days in the case of European, and beyond six days in the case of Extra-European telegrams, from other causes than interruption of the telegraphic communication, is returned to the senders.

The cost of any telegrams which may have been rendered necessary

in consequence of the non-delivery, delay, or incorrect transmission of a telegram is in no case returned.

The amount paid for a telegram cancelled before transmission has commenced is returned, less the sum of fivepence. If the telegram is cancelled after transmission has commenced, but before it has reached the place to which it is addressed, any balance of charges which may be due to the sender will be returned.

18. Claims for reimbursement of the charges paid for telegrams should be accompanied—

1. In the case of non-delivery by a written statement from the terminal office, or the addressee, that the telegram has not been received.
2. In the case of error in a telegram of which the sender has prepaid the repetition to the office of destination, or of delay, by the actual message form delivered to the addressee.
3. In the case of error in a telegram of which the receiver has paid the repetition from the office of origin, by the original message form delivered to the addressee, together with the form upon which the repeated telegram is written.

19. Claims for reimbursement in the case of European telegrams are not entertained unless made within two months of the date of the original telegram ; nor in the case of Extra-European telegrams, unless made within six months from the date of the original telegram.

Foreign administrations decline to make any inquiry into complaints which do not involve a return of the cost of the telegram within the limit of rule 17.

Private Wires and Telephone Exchanges.

1. A line of private wire between the place of business or residence of a firm or private individual and a Postal Telegraph Office, or between two or more places of business or residence, may be rented.

Besides receiving from and sending to the Postal Telegraph Office his messages by wire instead of by hand, the renter has the privilege of sending messages over his private wire to be forwarded from the Post Office as ordinary *letters*, or of calling a messenger for the Express delivery of a letter or parcel.

In any town where a sufficient number of wires are led into the Head Postal Telegraph Office, a Telephone Exchange can be formed, and messages transmitted by one renter to another *direct* without the necessity for a repetition at the Postal Telegraph Office.

2. Greenwich mean time is supplied by electric current every hour in the day in London, and at either 10 or 1 o'clock to places in the country.

The list of charges and the regulations can be consulted at any Post Office.

I.—Entering Cargo.

1. When a vessel has been reported at the Customs, the Master gives notice to the Consignee, and the latter is bound, within forty-eight hours after such notice, to enter the cargo at the Customs.

II.—Berthing Vessel and Delivering Cargo.

1. Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo from alongside when landed at the quay at said berths.

2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.

3. All deals, staves, or broken stowage must be landed on the Quay by the ship.

III.—Time for Discharging when no Number of Lay Days is Specified in the Charter Party.

1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignee, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time allowed for entering the cargo shall then have elapsed.

2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by the Harbour Master, in virtue of the powers possessed by him under the Harbour Bye-Laws.

b. (Deleted 20th November, 1888.)

c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV.—Lay Days when the Number is Specified.

1. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.

2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.

3. Days (not described as "running days") meaning working days —*i.e.*, Sundays and Customs and local holidays, do not count.

* As amended 20th November, 1888.

4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery, of a proportionate quantity of the cargo each working day, unless some other quantity is mutually agreed on.

NOTE.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the latter quantity each working day.

5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the quantity specified above (Section III., Clause 2), unless a larger quantity is mutually agreed on.

6. A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

1. Freights on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining two-thirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five per cent. per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said Capes.

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent. from the amount of Freight payable by him.

NOTE.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net cash free from discount is meant.

THE BOUNDARIES OF THE BURGH.

The whole area comprehended within the boundary line, commencing at or near Mileburn in the Burgh of Gourock, at the point marked A on the Plan prepared in duplicate by John Garvie, Surveyor in Gourock; at which point marked A, the march between the estates of Gourock and

Ardgowan, in the Parish of Inverkip, in the County of Renfrew, reaches the sea or Firth of Clyde, and extending said boundary line from said point along the stone dyke forming said march; thence across the road leading from Gourock to the Cloch, and continuing said boundary line along said march to the north-west corner of the enclosure forming part of the farm of Divert on the said estate of Gourock, and marked 338 on said Plan, and also on the Ordnance Survey Map of the said Parish of Inverkip; thence north-eastward in a straight line until it reaches the north-west corner of the road leading to the farm steading of Drumshantie on said estate of Gourock, where it turns southward, and where the footpath leading to the farm of Midton on said estate of Gourock joins the same; thence north-eastward, following the fence forming the north-west boundary of said road to Drumshantie, above mentioned, until it reaches the corner formed by the said road, turning at a right angle towards the north which forms the south-east corner of the enclosure marked 25 on said Plan and Map; thence south-eastward across the said road and the enclosure marked 283 on said Plan and Map; also through the plantation adjoining the glen, known as Gourock Glen, until it reaches the said Glen at a point indicated by a square stone in the fence, forming the south-east boundary of the enclosure marked 55 on said Plan and Map; thence south-eastward to the south-west corner of the sunk fence forming the area behind the Mansion House of Gourock, and known as Gourock House, then south-eastward in a straight line, parallel to the south-west wall of said Gourock House, until it reaches the wall forming the north-west boundary of the road, known as Larkfield Road; thence south-westward along the said boundary wall until it reaches a point on said wall, 188 feet beyond the line of the south-west fence of the Service Road, leading from the said Larkfield Road to the Reservoirs, belonging to the Magistrates and Commissioners of the Burgh, then across said Larkfield Road, and continuing south-eastward in a straight line parallel to the said Service Road, and along the south-west boundary of the ground feued by Matthew Brodie, contractor, Greenock, until it reaches the fence of the Lower of said Reservoirs, and from that point following the fence of said Lower Reservoir, until it reaches the fence of the Upper Reservoir; thence south-westward, south-eastward, north-eastward, north-westward, until it reaches the fence of the said Lower Reservoir; thence north-eastward, until it reaches the north-east corner of the said Lower Reservoir; thence north-westward in a straight line across the said Service Road, and through the enclosure marked 368, 335, 336, 337 on said Plan and Map, until it reaches the march with the estate of Greenock, immediately beyond the burn, known as Berryburn, at a point 134 feet south from the south-east corner of the enclosure marked 65 on said Plan and Map; thence along the said march across the road leading from Greenock to Gourock, and continuing to the sea or Firth of Clyde; and thence westward along the margin of the sea or Firth of Clyde, until it reaches the embankment formed or in course of being formed by the Caledonian Railway Company; thence north-westward and south-westward along the north-east and north-west faces of the said embankment, until it reaches the Pier or Quay of Gourock, as the same has been or is in the course of being formed by the said Caledonian Railway Company, as bounded by the sea or Firth of Clyde, until it reaches the point known as Kempock Point;
